

**Cobb County School District
School Strategic Plan Review
2009-2010**

School South Cobb High School

Date Reviewed February 16, 2010

Reviewer

AYP Status of School

Plan Element	Y or N	Notes
SSP Team is representative of stakeholder group.	N	No parents or students are present at this time.
Student Performance Targets are established for all indicators for each year.	Y	
Action plan includes a concise analysis of the priority for student performance.	Y	
Student performance goal is appropriate based on analysis of data.	Y	
Actions, strategies, interventions specify what the school will do to address the goal area.	N	What individual teachers will do in their own classroom needs to be addressed.
There is specific alignment with the Georgia School Standards.	Y	
The action plan specifies who is responsible for each of strategies listed.	Y	
There is a reasonable timeline associated with each strategy.	N	The timeline is too vague.
Information about financial resources is provided (amount and funding source).	N	Not evident in plan.
Training/professional development is specifically related to the strategies.	N	Professional learning plan is currently being re-written to develop specific strategies.
There is a reasonable monitoring plan for each strategy.	N	No real evidence of monitoring plan.
School Performance Targets are established for all indicators for each year.	Y	
Action plan includes a concise analysis of the priority for school performance.	N	Data Team Process being planned for 2010-2011 year.

Plan Element	Y or N	Notes
School performance goal is appropriate based on analysis of data.	Y	
Actions, strategies, interventions specify what the school will do to address the goal area.	Y	
There is specific alignment with the Georgia School Standards.	Y	
The action plan specifies who is responsible for each of strategies listed.	Y	We are looking to add an administrative monitoring system to support strategies.
There is a reasonable timeline associated with each strategy.	N	Timeline is too vague.
Information about financial resources is provided (amount and funding source).	Y	
Training/professional development is specifically related to the strategies.	Y	
There is a reasonable monitoring plan for each strategy.	N	We need to add more informal data gathering and analysis.
<p>Additional Notes/Comments: While our plan is in the fundamental growth stage, we aim to find a more efficient, specific and strategic plan in our pursuit of excellence in school and student performance. We have enough data, but we need to be more discriminate in what we look at, how we look at it, and how we use it to determine our progress.</p>
